EMERGENCY MEDICAL PERMISSION

Regarding: _____
Name of Child

When injuries of children occurred while under the care of the Gianelli's Early Learning Center, its staff members shall report to the parents. After we give necessary care to the injured child, the director or other school personnel shall contact the parents and report to them the nature of the injury and care the staff gave, and as to the need of care by a physician. In all cases, we shall contact the family physician.

In case of extreme emergency, and if the staff cannot reach the parents or physician, the school medical personnel will be called. If no staff members can locate the parents, or any school medical personnel, the Gianelli's school personnel will take the injured child to the hospital emergency room by ambulance. Any qualified staff members shall administer First Aid, as directed in approval standing orders.

The staff member shall report all accidents on the appropriate accident report form, and keep a copy in your child's file.

We, parents/guardians, approve the above policy as stated by the Gianelli's Early Learning Center.
